Congratulations to Zac Woodgate who has earned over 50 School Wide Positive Behaviour Support stickers/spots for showing RESPECT in all four of our valued areas. Zac has chosen a movie and popcorn pass as his prize.
500 Spots = Sleepover
Well done to all of the Welton Kids who have reached their goal of 500 stickers and earned a school sleep over. I had ear-marked next Thursday night as the sleepover night, however, we have three students who can not make that night. Therefore, I will find an available date in Term 4, making every effort to leave a ‘buffer’ around the Year 3/4 Camp, Somers Camp and our own Whole School Camp.

Environmental Day
Next Monday we are very much looking forward to hosting students and staff from our Murray Plains Cluster Schools for an Environmental Day. All students will be involved in a hands on session with the Scientwists as well as participating in a range of environmentally themed activities. Days such as these provide our students with a wonderful opportunity to mix with the students from other schools and to learn from other staff members and more importantly, each other. Don't forget, parents are most welcome to come along and help out or visit on the day. The activities will run from 10am until 2pm.
The pie warmer will not operate on this day and students need to bring along their usual morning snacks and a packed lunch. They also require a refillable drink bottle for the day. Students are to wear their uniform and enclosed footwear; runners are best. Old school tops are also advised due to the outdoor nature of the activities.

WANTED: Should any parents be available to assist, on Sunday afternoon, with some setting up of ropes for some of the Environmental Day Activities, please contact Lisa.

Hats
In line with our Sunsmart Policy, all students are required to wear their broad-rimmed school hat when outdoors. Students without the required hat will be confined to the shade shelter area during play, lunch and outdoor class times.

End of Term
Friday the 18th of September is the end of Term 3. This will be a footy themed day, with students wearing their favourite footy colours or related clothing. Hot dogs will be available for the student’s lunch. Please complete and return the attached order to ensure that your child/ren does/do not miss out. School will finish one hour earlier than usual on this day, therefore the bus will deliver your charges home one hour ahead of its usual schedule.

Hot Off The Press
Our long awaited cookbooks are finally ready for purchase. These books are packed with recipes from Welton families (past and present) and community members. There are lots of photos of our students cooking and devouring their creations. The kids have even designed the cover pages. The cookbooks are available from the school at a cost of just $15.
Lawns

It's that time again. The lawns will receive a trim this week, but will require mowing just prior to our start to Term 4 which is Monday October 5th. The lucky family is M & N Baldwin. Lisa will send home the keys for the shed and mower with Angus on the last day of term.

Music Makers

Did you know that our students are very fortunate to be provided with a diverse music program every week? Mrs Ramage-Campbell, takes all of our students and teaches them instrumental music (guitar and recorder), music creation (composing their own beats, dance moves and songs) as well as music appreciation (listening to different music styles).

Dad’s Day Stall

The entrepreneurial Year Five and Six students were in charge of the Father’s Day stall last Friday and showed not only skill in handling financial transactions, but in keeping their greedy fingers off the edible merchandise. Great will power!

SCHOOL HOLIDAY WORKSHOP
using LEGO® Bricks
Wednesday 23rd September
Half day ($35) or Full day ($70)
Themes include Mining & Crafting (Experience the world of MineCraft® with LEGO® bricks in this creative school holiday program) and Teenage Mutant Brick Turtles (Grab your lattas and runbucks as we prepare to fight crime – build the courageous turtles or their wise Japanese rat sensei, Master Splinter). Thursday 1st October
Half day ($45) or Full day ($90)
Robotics – using WEEDO and EV3 Mindstorms technology. Build a LEGO® robot and program it to do as you wish!
